Failure of any private solid waste hauler to obtain a license by January 1 of each year will result in doubling of the fee. Failure to obtain a license by February 1 of each year will result in the hauler being prohibited from using any permitted landfill facility used by the District. New haulers must obtain a license before collection of solid waste begins.

If a new hauler is issued a license after January 1 the fees will be prorated based on the number of full months remaining in the calendar year.
