Under Act 752 of 1991, the Southwest Central Regional Solid Waste Management Board is required by law to enact and enforce a licensing program for all haulers who collect or transport solid waste in the Southwest Central Regional Solid Waste Management District. By January 1, of each year all current haulers subject to this program will be required to pay a minimum license fee which is initially set annually as follows:

<u>Non-Compacting Vehicles</u>	<u>Compacting Vehicles</u>	<u>Fee</u>
1 ton or less		\$25.00 each with a maximum of \$250.00
Greater than 1 ton	1 ton or greater	\$50.00 each with a maximum of \$500.00

Failure of any private solid waste hauler to obtain a license by January 1 of each year will result in doubling of the fee. Failure to obtain a license by February 1 of each year will result in the hauler being prohibited from using any permitted landfill facility used by the District. New haulers must obtain a license before collection of solid waste begins.

If a new hauler is issued a license after January 1 the fees will be prorated based on the number of full months remaining in the calendar year.
